

OPEN CALL

Festival tanz nrw 25

tanz nrw 25: The 10th festival edition and 20 years of collaboration of a strong network for dance in North Rhine-Westphalia

The biennial festival tanz nrw presents a wide range of choreographic positions from North Rhine-Westphalia and reflects the diversity of the regional dance scene on several levels: it invites artistic works from the fields of dance / performance / choreography and includes the genres of contemporary and urban dance art, performance and contemporary circus, digital live formats as well as intergenerational and inclusive works - from up-and-coming artists to experienced choreographers. What all forms of dance have in common is the contemporary approach in terms of the political, social and aesthetic relevance of the artistic dialogue. An important concern of the festival is a resource-friendly use of production material and to continuously work on improving the accessibility of the festival programme.

The next edition of Festival tanz nrw will take place from 8-18 May 2025.

Proposals for the artistic programme can be submitted until 15 July 2024.

We look forward to your ideas, extraordinary and inspiring proposals!
